COURSE ONE: WALLPAPER AND FABRIC DESIGN

with Adam Calkin

Join Adam Calkin at beautiful Porth-en-Alls for an all-inclusive creative retreat. Stay in inspiring Arts & Crafts accommodation, dine on locally sourced food and create your very own handpainted wallpaper/fabric design.

Open to all abilities, this 3 day course is a chance to get creative again, take a break from work, or pursue a career. We look at the history and styles of wallpaper/fabric design, do exercises on repeat patterns and help you to design and handpaint your very own wallpaper panel. All under the expert guidance of Adam Calkin, renowned interior decorator and wallpaper/fabric designer for Lewis & Wood.

COURSE TWO: MULTI CRAFT

with Ros Badger and Christina Wilson

During your stay you will produce a range of products from a hand stitched book to greeting cards and watercolours all inspired by the photographs you will take on the first morning in and around the spectacular landscape using your own camera or phone.

Each student's creative interests will be encouraged, helping to develop and achieve their own individual masterpieces. At the end of the 3 days you will leave with a number of handmade pieces, including a set of photographs, a hand stitched book and a printed calico tote bag using the magical cyanotype technique.
